

Phew

Leave me alone

Always that alarm clock. I'll get up

This is way to early.

Just have to roll out of my bed , wash, eat and then cross the street. There is no such thing as being late if you live opposite the school

Who also buys a house opposite a school!!!! Everyone knows exactly what you are doing and whether you're even in your pakkans pants.

The curtains open here at 6am. I crawl past the window. Imagine him seeing me. What a turn off that would be.

Silly in Panama's with dog slippers and a messy head.

Yes, braids, that's what he likes. Always pull it, gently, so no one sees.

Yes, he likes me. Not you!!!

Oh, first lesson, Biology, haha, there I see him again.

Mmmm.

Long , blond.

Blue eyes.

Not so smart, but very funny.

My books fly into the bag

What a mess.

That's how I am

Silly me
